

# MIG 200 PFC

Order Code: **EM-200CT**

## Key Features

- Rugged, ergonomic design
- **ClearVision** technology
- **Intelligent synergic control**
- Adaptable wide voltage range
- Welding engineer mode
- **Smart Lift TIG**
- Consistent and efficient MIG spot welding performance
- Flexible remote control solutions (optional)
- Power factor correction (PFC), generator friendly
- Quick factory reset; auto sleep mode
- Compatible with MIG digital torch and spool gun and pull-push torch
- LED inside wire feeder cabinet; handy accessory storage slot
- Fan on demand
- Trolley with cylinder holder
- Voltage Reduction Device (VRD)
- Key power electronic component protection
- Overcurrent and overheat protection
- TFT screen (optional)

## Technical Data

| <b>EM-200CT</b>            |                         | <b>MIG 200 PFC</b>  |           |
|----------------------------|-------------------------|---------------------|-----------|
| Input voltage              |                         | AC95-265V, 50/60 Hz |           |
| No load voltage            |                         | AC 115V             | AC 230V   |
| MIG                        | Rated input current     | 38.1A               | 32.8A     |
|                            | Ieff                    | 17.4A               | 13.5A     |
|                            | Rated input power       | 4.4kVA              | 7.5kVA    |
|                            | Current range           | 30-140A             | 30-200A   |
|                            | Rated duty cycle @ 40°C | 30%                 |           |
|                            | Wire feed speed         | 2-12m/min           | 2-16m/min |
|                            | Wire spool size         | D300                |           |
| MMA                        | Rated input current     | 28.3A               | 24.8A     |
|                            | Ieff                    | 15.5A               | 13.6A     |
|                            | Rated input power       | 3.2kVA              | 5.7kVA    |
|                            | Current range           | 20-110A             | 20-180A   |
|                            | Rated duty cycle @ 40°C | 30%                 |           |
| TIG                        | Rated input current     | 24.2A               | 19.43A    |
|                            | Ieff                    | 13.3A               | 10.6A     |
|                            | Rated input power       | 2.8kVA              | 4.4kVA    |
|                            | Current range           | 5-140A              | 5-200A    |
|                            | Rated duty cycle @ 40°C | 30%                 |           |
| Efficiency                 |                         | >80%                |           |
| Power factor               |                         | 0.99                |           |
| Idle state power           |                         | <50W                |           |
| Protection class           |                         | IP23S               |           |
| Insulation class           |                         | H                   |           |
| Dimensions LxWxH           |                         | 920 x 480 x 755mm   |           |
| Weight                     |                         | 41.9Kg              |           |
| Recommended generator size |                         | 6.5kVA              | 11.5kVA   |

## Standard Accessories

- Trolley
- 4m MIG Torch
- 3m Earth Clamp
- Argon Regulator
- Gas Hose

## Optional Accessories (p31)

- Wireless Remote Control
- Wired Remote Control
- TFT Screen
